The midwives attached to the L.F.Dispensaries at Hobenaresipur and Saklespur attend on labour cases in people's houses not only in the Municipal area but also in villages outside. The midwives attached to the Maternities in these places, have no time to attend on cases in the towns, as they do, day and night duties in the Maternities. I do not therefore understand, why the post of midwife in these places is proposed to be abolished. I am however of opinion that the Municipalities should be required to meet the cost of midwives in the same proportion (viz.,1/3) as is done in the case of the other establishment such as Compounders, Dispensary Attendants etc.

DEPUTY COMMISSIONER
10 JUL 1936

I have the honor to state that the question of abolishing the midwife attached to the L.F.Dispensaries at Hole-Narsipur and Gakle spur in view of the fact that there are separate Maternities here, was considered in detail by the Board at their meeting held on 9th May 1936 and the Board resolved as follows:-

> "Resolved that the two Municipalities be requested to bear their quota of cost for the midwives and if there should be no quota, the grant that is being given be stopped".

At present, the entire cost of maintenance of midwives attached to the L.F.Dispensaries is being borne by the District Board. Their services are being utilised in Municipal areas as well without any cost to the respective Municipalities

In this connection, I may bring to your kind notice that the District Board at their meeting held on 9th May 36 have resolved that with a view to entertain a Nurse to the Maternity Hospital at Hole-Narsipur, the pay of the Midwife attached to the L.F.Dispensary of the place may be utilised towards the quota of the District Board for entertaining a Nurse to the Maternity. A reference has already been made to the Senior Surgeon in this office No.A.2.116-34, dated

8/9th May 1935 requesting to obtain necessary sanction of Government in the matter.

In view of the fact that there are Maternities at Hole-Narsipur and Saklespur wherein the services of the midwives can be had at any time, the necessity for a midwife in the L.F.Dispensaries at the above places is not obvious.

I therefore request that you may be so good as to kindly obtain necessary sanction of Government to abolish the midwives attached to the L.F.Dispensaries at the places referred to above and to direct the respective Municipalitess to employ their own midwives to their Municipalities. If the Municipal Councils are not in favour of employing their own midwives they may be ordered to bear their quota at least in the same proportion as is being borne in respect of other establishment of the Local Fund Dispensaries.

A copy of the resolution of the District Board is enclosed.

Sir,

With reference to your letter No:L.1353/L.S.39-36-2 dated 18th Aug. 1936, calling for the resolutions of the Holenarsipur and Saklespur Town Municipal Councils in the matter of contributing their quota towards pay of the midwives attached to the D.F. Dispensaries situated within the Municipal limits, I have the honor to state as follows:-

2. The President, Holenarsipur Town Municipal Council furnished a copy of the resolution of the Council passed at their meeting held on 20th Sep. 1936, to the effect that the services of the Midwife attached to the D.F. Dispensary at Holenarsipur were very necessary for the rural parts, that it would cause inconvenience to the people if the post is abolished, and as her services were not required for the town, there is no reason why the Municipal Council should pay any quota. In submitting a copy of this resolution, the President has stated that the Council have agreed to bear their quota towards the pay of the Nurse to be appointed for the local maternity and has requested that the post of the Midwife attached to the D.F. Dispensary might be continued in the interest of the rural population.

3. The President, Saklespur Town Municipal Council furnished a copy of the resolution of the Council passed at their meeting held on 18th Sep.36, to the effect that the services of the Midwife attached to the Local Fund

Dispensary in view of the fact that the Council are contributing Rs.226/- annually for the maintenance of the Dispensary, and also of the fact that 80% of the town are agriculturists paying local cess and that they are not agreeable to pay any additional quota.

4. Both these Municipal Councils are paying their quota for the maintenance of the L.F. Dispensary and the Maternity Hospital. But it is seen from the Budget Estimates of the District Board that the Municipal Councils in the District are not paying any quota towards the pay of the Midwife attached to the L.F. Dispensary situated within the Municipal limits. According to para 303-3, M.A.M., the entire charges on account of the L.F. Dispensaries, except the pay of the Sub Assistant Surgeon and the cost of Europe Medicines has to be borne by the Local Bodies in such proportions as Government might fix. At present, the District Board and the Municipal Councils are bearing 2/3rds and 1/3rd of the maintenance charges, such as Charge Allowance, etc., but not the Midwives' pay.

5. I wanted to know whether there was any order of Government, under which the District Board had to meet the entire cost on account of the Midwives' pay and so I addressed the Comptroller in the matter. He has in reply, sent a copy of his letter No.219/T.A.D.A. ii dated 31st Oct. 1926, addressed to the Senior Surgeon, requesting him to furnish the information required. The Senior Surgeon has not yet funnished the information. I have this day requested him to furnish this information and on hearing from him, I will furnish my opinion in the matter.

Sir,

With reference to your reminder letter No.L. 8432, dated 26-5-37, re: the proposal of the Hassan District Board to direct the Holenarsipur and Saklespur Towm Municipal Councils to bear their quota of cost on accoun of the midwives attached to the Local Fund Dispensaries at Holenarsipur and Saklespur, I have the honour to state as follows:-

2. As already reported in my letter No.C. 644-36, dated 28-11-36, both the Municipal Councils are not agreeable to pay any quota towards the pay of the midwives referred to above. Reports Nos. H.C. 11-36 dated 28/30-9-36 and C.40-36 dated 16-9-36, with their enclosures, received from the Presidents of the Holenarsipur and Saklespur Town Municipal Councils, respectively, are herein enclosed for kind perusal.

3. The Senior Surgeon, who was requested in my letter of even No dated 27-11-36, to intimate how, in the face of the provisions contained in para 303 B,M.A.M., the entire cost on account of the pay of the midwives attached to the Local Fund Dispensaries in this District, was being borne by the District Board, has not replied in spite of reminders. I request you to kindly cause this information to be furnished early.

4. As the entire charges on this account are being borne by the District Board, and as the midwives attached to the Local Fund Dispensaries in the two places are expected to attend to labour cases beyond the Municipal limits as well, ~~as~~ the posts cannot, in my opinion, be abolished as resolved by the District Board, merely because the Municipal Councils are not paying any quota. The existing arrangements may, therefore, continue.

Re : the payment of the Grant towards the Maintainance of the Midwives attached to the Local Fund Dispensary.

Sir,

With reference to your Memo No.C.644/36-37 dated 2nd September 1936, I beg to state that the matter was placed before the Municipal Council meeting held on 20-9-36 and they have resolved that the Midwife attached to the Local Fund Dispensary will be required by the neighbouring villages more than in the Town and if the Midwife's post is abolished there will be much dificulty to the neighbouring villagers and further they have also resolved that no Quota of contribution could be paid from the Municipality as the services of the Midwife's service is much useful to the scurrding villages than the Municipality.

In this correction I beg to submit that the Midwife attacled to the Local Fund Dispensary is useful to the scurrounding villagers as the town has got a Maternity Hospital and the Municipality has already resolved in their meeting held on 30-12-34 that the Quota of contribution will be paid to the Nurse for the proposal to appoint to the Sree Narasamma Maternity Hospital.

In these circumstances I beg that the Midwife may be continued as before since the scrrcundings villages will be keenly felt as the services of the midwife attached to the

the Maternity Hospital will not be available for the Public outside the Hospital.

I beg to remain,
Sir,
Your most obedient servant,

Government Proceedings dated 20th January 1896 No.8198-200/ L.F.24-92 passing orders with regard to the pay of the midwives employed in the Hassan District.

2. Read also letter from the Deputy Commissioner, Hassan District dated 19th May 1896, No.1015, submitting a revised list of midwives employed in his District and stating that the provision required for 1895-96 to meet the salaries of midwives in his District is Rs.961/-.

Order thereon, No.13136-38/L.F.24-92 dated Bangalore 5th June 1896.

It is observed that out of 8 midwives in the District, one is paid entirely from Municipal funds of Hassan and the remaining seven midwives entirely from District Funds at a cost of Rs.113/- per mensem or Rs.1,356/- per annum. As the midwives of Holenarsipur Chennarayapatna and Arasikere joined in October 1895, and the midwife of Manjarabad Taluk in April 1896, the provision actually required on account of the salaries of midwives is only Rs.961/- as particularised in the margin and not Rs.1,320 as entered in Government Proceedings dated 20th January 1896, No. 8198-200/L.F.24-92 as provided in the current year's Budget of the Hassan Circle under the head "IV Midwives 1 Salary of six midwives". The provision will accordingly be reduced to Rs.961.

Letter No.G.C.27-7 dated the 25th February 1938 from the Senior Surgeon in Mysore to the Deputy Commissioner, Hassan District

---

With reference to your letter No.C..728/36-37 dated 15th November 1937 regarding the authority under which the pay of the midwives at Holenarsipur and Saklespur is met entirely by the District Board, I have the honour to state that the original Government Orders sanctioning the post of midwives to these two places are not available in this office. Midwives have been working in these places since October 1895 and July 1896 respectively, and from the enclosed copies of Government Orders it will kindly be seen that the pay of the midwives are being met entirely by the District Board since 1895. The adoption of such a procedure was presumably necessitated on account of the financial inability of the local Municipalities to meet their share of cost.

As regards the pay of the midwives attached to the Maternities at Saklespur and Holenarsipur, I invite reference to Government Order Nos.L.1119-22/Med.23-24-7 dated 18th August 1925 and G.420-3/Med.101-24-30 dated 14th July 1926 prescribing the proportion in which the cost on account of these institutions has to be met. In case of Saklespur, it is ordered that half the cost should be charged to Malnad Improvement Grant; the other half being borne by the District Board and the Municipal Council in the proportion of two thirds and one third. The cost on account of the Maternity at Holenarsipur is ordered to be met by Government, the District Board and the Municipal Council in the usual proportion; i.e., the pay of the Lady Sub Assistant Surgeon and the cost of Europe Medicines to bem met by Government and the cost on account of the remaining charges to be met by the District Board and the Municipal Council in the ratio of 2:1.
